PROFESSIONAL EXPERIENCE

○ IT Developer

Hammarö Kommun, Hammarö, Sweden • 2024 - Present

- Lead developer for the municipality's public-facing platform "Mina Sidor" using Mendix, handling most development independently since day one.
- Worked closely with consultants and internal teams on sprint planning, project demos, and release coordination.
- Integrated complex municipal systems via APIs and federation protocols to automate services and improve accessibility.
- Acted as a technical mentor, training two colleagues in Mendix and overseeing their work while guiding architectural decisions.
- Created advanced Power BI dashboards to visualize KPIs like sick leave rates and payroll data for decision-making support.
- Worked with consultants in TimeXtender to design and manage data pipelines and warehouse logic across multiple domains.
- Regularly participated in cross-departmental meetings to plan IT development initiatives aligned with the municipality's digital goals.
- Handled technical testing, debugging, and managing production releases for various Mendix applications.
- Featured in a local newspaper article for the municipality's digital transformation efforts and recognized by Mendix with an upcoming spotlight interview.

○ **IT-Manager**

Platform24, Stockholm, Sweden • 2023 - 2023

- Provided IT support for Windows/Mac users through various channels.
- Managed SaaS licenses, hardware, and processes for employee onboarding/offboarding.
- Collaborated with the security team to ensure a secure IT environment.
- Supervised mobile telephony and maintained supplier relationships.
- Demonstrated proficiency in Google Workspace and Slack.
- Served in a combined finance and IT team, reporting to the CFO.
- Embraced growth opportunities in the rapidly expanding company.

○ **President**

Kaulas Studentförening, Karlstad, Sweden • 2022 - 2023

- Managed daily meetings between various student associations, the municipality, the student union, and the board of Kaulas.
- Led the creation of major events to enhance student life and foster connections among students, especially post-COVID when many had limited social circles.
- Planned events spanning several days, with up to 5,000 participants.
- Oversaw and ensured the smooth operation of all aspects, prioritizing safety and enjoyment.
- Additionally, handled more routine tasks such as bookkeeping and managing expenses and contracts.

○ **Event planer**

LINDA Carlstad, Karlstad, Sweden • 2021 - 2023

- Played a key role in the association's board, responsible for planning and organizing various events with companies, students, and other organizations.
- Managed an E-sport team in a global Red Bull Tourment.
- Planned events with various student associations.
- Designed illustrations and art used to gather students attention.

○ **Agresso purchasing and inventory Manager**

Försvarets Materielverk, Stockholm, Sweden • 2019 - 2020

- Assisted the Customer Center with procurement and orders of goods and products, including registering purchases, checking goods, and sending invoices to respective departments.
- This role covered the entire Tre Vapen facility across Sweden.
- Worked in Agresso and fixed invoices and payments.

○ Conference Technician

Försvarets Materielverk, Stockholm, Sweden • 2018 - 2019

- As a conference technician, independently troubleshoot and resolved issues across all conference rooms in the Tre Vapen facility.
- Directed installations to relevant parties and procured new equipment as needed.
- Diagnosed system issues and repaired or coordinated technical aspects of live broadcasts and meetings worldwide.
- Planned and structured conference rooms around Sweden for Tre Vapen to be up to date and user friendly.
- Additionally assisted the Customer Center with cash register system updates, orders of goods, and room bookings.
